Page 3: Part 2: To be completed by presenters only

Q11 Yes (please list - Only generic names should be used whenever possible. If trade names are used, they should be accompanied by the generic name) :
trade names - omnipaque, visipaque, isovue

I intend to use trade names during my presentation. Note: Only generic names should be used whenever possible. If trade names are used, they should be accompanied by the generic name.

Q12 No

I intend to make therapeutic recommendations for medications that have not received regulatory approval (i.e. "off-label" use of medication). Note: You must declare all off-label use to the audience during your presentation.

Q13 Respondent skipped this question

If you answered "Yes" to the previous question, are the medications recommended manufactured by companies you have received funding from?

Q14 Yes

I acknowledge that the National Standard requires that any description of therapeutic options utilize generic names (or both generic and trade names) and not reflect exclusivity and branding.
