Q11

No

I intend to use trade names during my presentation. Note: Only generic names should be used whenever possible. If trade names are used, they should be accompanied by the generic name.

Q12

I intend to make therapeutic recommendations for medications that have not received regulatory approval (i.e. "off-label" use of medication). Note: You must declare all off-label use to the audience during your presentation.

Yes (please provide a brief description or rationale):

All medications for the diseases I will be discussing are off label and have not received regulatory approval for children in Canada.

Q13

No

If you answered "Yes" to the previous question, are the medications recommended manufactured by companies you have received funding from?

Q14

Yes

I acknowledge that the National Standard requires that any description of therapeutic options utilize generic names (or both generic and trade names) and not reflect exclusivity and branding.
